

TECHNICAL DATA SHEET

**SUPER GREEN SPECJAL**

SYMBOL	pH
A-03	14

Alkaline agent with a wide range of applications. Due to its characteristics, and may be used in solutions of different concentrations, is designed for washing motor vehicles, trucks, special purpose building vehicles and equipment, and agricultural and other heavily soiled painted surfaces, stainless steel, aluminum alloys. Creates the cleaned surface protective glossy layer is highly effective action.

Note! Avoid use the preparation on heated and sunlight places.

APPLICATION:

- delivery trucks, minibuses, load-carrying, tarpaulins, engines, tanks, forklift trucks, construction equipment, agricultural machines;
- varnished areas with hard varnishes, stainless steel, of aluminium alloys;
- Can be used in car wash for trucks and lorries

COMPOSITION:

<10% sodium hydroxide, <5% nonionic and cationic surfactants, 5 to 15% anionic surfactants, <5% phosphonates, excipients

COMPOSITION:

Before the application read the card of characteristics of the dangerous chemical preparation. Apply in the form of an aqueous solution. In case of applying preparation in sprinklers should thin with water from 1:10 to 1:30 in the winter period - lance to foam - concentrate and from 1:20 to 1:40 in the summer period - lance to 1:1 foam with water depending on the degree of the smudge of dirt. Washing engines from 1:5 to 1:10 with water. For manual washing should apply solution about the concentration 0.5 -1%. To wash the washed area with water under pressure (120-150 bar). Do not allow the product to dry on the car body of vehicles.

TECHNICAL DATA SHEET**DANGER:**

H314 – Causes severe skin burns and eye damage

P280 – Wear protective gloves/protective clothing/eye protection/face protection

P301+P330+P331 – IF SWALLOWED: rinse mouth. Do NOT induce vomiting

P303+P361+P353 – IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.

P310 – Immediately call a POISON CENTER/doctor

P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P405 – Store locked up

SELL-BY DATE:

36 month after production date. The date of production /series and expiry date are on packaging.

ADDITIONAL INFORMATION:

Accessible additional information in the card of characteristics of the dangerous chemical preparation.

Accessible additional information in the card of characteristics of the dangerous chemical preparation. Contaminated packaging should be emptied. Empty container rinse with water several times, which use it as preparation. Empty packaging can be stored in containers for plastic packaging or transfer to special company to utilization. Observe the provisions of the Act of 13 June 2013. On packaging and packaging waste (Dz. U. 2013, pos. 888).
